2 TERMS AND CLIENT AGREEMENT

- 2.1** This document details the Terms and Conditions of Business (the “**Terms**”) under which we will provide execution only or Client self-directed trading Services.
- 2.2** By submitting an Account Opening Form to open an Account with us, you confirm to us that you have read and understood the Terms, our Risk Warnings Notice, Execution Policy, Conflict of Interest Policy and Market Information Sheet and all documents relating to our trading Services and Financial Instruments. If you have any queries, please ask us for further information.
- 2.3** Our agreement with you consists of the following documents listed below. These documents collectively constitute a legally binding and enforceable contract between us and you (the “**Client Agreement**”).
- 1) Account Opening Form
 - 2) Terms;
 - 3) Risk Warnings Notice;
 - 4) Execution Policy;
 - 5) Conflict of Interest Policy;
 - 6) Market Information Sheet;
 - 7) each User's Guide; and
 - 8) each Confirmation.
- 2.4** In accordance with **Clause 31**, we reserve the right to vary and/or amend the documents listed in **Clause 2.3** in part or in whole from time to time and to publish their latest versions on Our Website. Paper copies of our Account Opening Form and documents are available on written request.

- 2.5** There may be further written agreements which we may enter into with you. If so, you agree that such agreements will be incorporated into and shall form part of the Client Agreement. In the event of conflict between the separate agreement and the Client Agreement, the terms in the separate agreement shall prevail.
- 2.6** The Client Agreement sets out the rights and obligations between us and you and shall govern all Trades in CFDs which we may carry on for you in consideration of your use of our Services and payment of all the relevant fees and/or commissions as well as any other charges, whatsoever, as stipulated in our Market Information Sheet published on Our Website. - 2.9** To the extent that you are deemed to be a consumer as defined by the Unfair Contract Terms Act 1977 or the Unfair Terms in Consumer Contracts Regulations 1999, these Terms will not affect your rights and will only apply to the extent permitted by law.
- 2.10** Nothing in these Terms shall exclude or restrict any duty or liability which we owe to you under the Financial Services and Markets Act 2000 or the FCA Rules. In the event of a conflict between these Terms and the FCA Rules, the FCA Rules will apply.
- 2.11** We reserve the absolute right to exercise our discretion to refuse to enter into a Client Agreement or any Trade with you, without providing reasons.

That representation and warranty shall be deemed to have been repeated by you on each day on which any Trade is entered into or outstanding between us.
- 3 GENERAL RISK WARNING**
- 3.1** Trading in Derivatives carries a high degree of risk and is not suitable for all investors. The leverage available in Derivatives trading means that a small movement in price can

lead to proportionally large losses or gains. You may therefore lose more than your initial deposit. You must satisfy yourself that our Services are suitable for you in view of your circumstances, resources and objectives. If you are in any doubt, you should seek independent advice.

3.2 You acknowledge you have read and understood our Risk Warnings Notice. You should ensure that you fully understand the risks involved before opening an Account and if you are in doubt as to the suitability of any investment or Trade, you should seek independent advice.

3.3 All investments are subject to risk and the degree of risk is a matter of judgment and cannot be accurately pre-determined. Investments are subject to market fluctuation and other risks inherent in investing in securities, whether equity securities or debt securities, or in derivatives of these securities. The value of investments and income derived from them can fall as well as rise and is not guaranteed and you may not get back the original amount invested. An investment should only be made by persons who are able to sustain a loss on their investment. Past performance does not necessarily indicate future performance.

3.4 Trading and investments in leveraged as well as non-leveraged Trades is highly speculative, may involve an extreme degree of risk and is appropriate only to persons who, if they trade on Margin, can assume the risk of loss in excess of their margin deposit. Margin Trades normally have low margins and price changes in the

underlying asset may result in significant losses that could exceed your investment and Margin deposit substantially and any profit or loss resulting from fluctuation in the value of the asset or underlying asset of any Trade will be entirely at your risk.

3.5 If you are a Retail Client, we are obliged to obtain information about your knowledge and experience in the investment field so that we can assess whether the service or product envisaged is appropriate for you. If we consider, on the basis of the information we hold about you, that the product or service is not appropriate, we will warn you about this. If, notwithstanding any such warning, you ask us to proceed, you shall be solely responsible for that decision and, in any event, we may decline to proceed in our sole discretion. If you fail to provide such information to us, or if you provide insufficient information, we will be unable to assess the appropriateness of the relevant product or service. In these circumstances, we may decline to provide such product or services in our sole discretion.

4 CLIENT CLASSIFICATION

4.1 We are required by MiFID and the FCA Rules in our conduct of business in relation to Trades in CFDs and other Financial Instruments to categorise you as either a Retail Client, a Professional Client or an Eligible Counterparty. We will communicate your classification to you in writing and you have the right to request a different classification.

4.2 You agree to provide us with true, accurate

and complete information in your Account Opening Form for the purpose of client classification and our criteria assessment and undertake to notify us in writing immediately of any changes to the information you have provided us.

4.3 Retail Clients are afforded the most regulatory protection. Professional Clients and Eligible Counterparties have less regulatory protection since they are considered to be experienced, sophisticated and knowledgeable and able to assess their own risks from their investments. Such protection under the FCA Rules include, but is not limited to requirements that we:

- 1) act in your best interests;
- 2) provide appropriate information to you before providing the Services;
- 3) are subject to restriction on the payment or receipt by us of any inducements;
- 4) provide best execution and prompt, fair and expeditious execution of your Orders;
- 5) ensure all information we provide you is fair, clear and not misleading and;
- 6) provide adequate reports on the Services provided to you.

4.4 Retail Clients may request to be re-classified for a lower level of protection (e.g. as a Professional Client) and persons who have been classified as Professional Clients or Eligible Counterparties may request a categorisation that will afford them a higher level of protection for the purposes of the FCA Rules and MiFID. We may, however, in our absolute discretion refuse to agree to your request.

4.5 You agree that you will notify us in writing of any information which may change our assessment of you.

5 COMPENSATION SCHEME

5.1 We contribute to the Financial Services Compensation Scheme (the “**Scheme**”), established under Section 213 of the Financial Services and Markets Act 2000, which provides for compensatory awards should we be declared in default and you may be entitled to compensation if we cannot meet our obligations. The Scheme’s maximum compensation amount is GBP 50 000 for eligible claimants in respect of certain investments.

5.2 Full details of the Scheme are available from the Financial Services Compensation Scheme at 10th Floor, Beaufort House, 15 St Botolph Street, London EC3A 7QU. Telephone: 0800 678 1100. Web: www.fscs.org.uk and the Financial Conduct Authority.

6 CAPACITY OF PARTIES

6.1 We will deal with you as principal in the provision of our Services. If we decide, in our sole discretion, to accept an Order placed by you, that Order will be accepted and executed by us on the basis that we are acting on our own as principal and not as your agent. Therefore we will be your counterparty in relation to each Trade.

6.2 You will contract with us under these Terms as principal unless otherwise agreed by us in writing. We will treat you as our Client

and we will have no obligation and accept no liability to any other person for whom you may be acting as agent, introducer, intermediary or fiduciary (whether or not the existence or identity of such person has been disclosed to us) and your personal liabilities and obligations owed to us under the Client Agreement shall not be diminished in any way by reason of your so acting.

6.3 In the case where you personally open an Account for and on behalf of a corporation or other legal entity, you represent and warrant that you are duly authorised to act for and on behalf of such corporation or other legal entity and to bind them to these Terms and to place Orders and otherwise give instructions in respect of Trades. If it becomes apparent to us that you were not so duly authorised, we reserve the right to seek restitution and a full indemnity from you against all liabilities, losses, damages, costs, expenses and fees which directly or indirectly arise from any claims or legal proceedings brought against us as a result of your fraud, deceit, misrepresentation, misfeasance, breach of contract and/or breach of warranty of authority to act.

6.4 In the case where the Client consists of more than one person, such as joint holders of an Account, you agree the liabilities and obligations under these Terms shall be joint and several. Unless and until we receive written notice signed by all joint holders withdrawing or limiting authority to a specific named individual holder in respect of the Account:

1) each joint holder will have authority on behalf of all the joint holders to deal

with us as fully and completely as if it were the sole owner of the Account without any notice to the other joint holders;

- 2) any one of the joint holders may give us an effective and final discharge in respect of any of your obligations under the Client Agreement;
- 3) any notice or communication given to one joint holder shall be deemed to be given to all joint holders of the Account;
- 4) funds paid by joint holders in relation to their Account with us must be paid from a joint bank account in the names of and operated by all of the persons constituting and named as joint holders;
- 5) funds paid by us into the joint bank account of the joint holders pursuant to instructions received from any one of the joint holders will be deemed to have been received by all joint holders and we shall have no further obligation or liability to the joint holders in relation to and in connection with the payment of such funds.

6.5 On the death of any or all of the joint holders, these Terms will remain binding and enforceable on any survivor constituting the Client and any Successor and we may treat such survivor and / or Successor as our Client under the Client Agreement.

6.6 Where you are trustees of a trust, you undertake to give us notice forthwith of any change in trustees. You also undertake to supply us with copies of any documents now existing (or thereafter executed)

limiting, extending or varying the powers of the trustees or amending the objects of the trust and any other documents or information we may reasonably require in connection therewith.

6.7 Notwithstanding the foregoing we reserve the right at our sole discretion:

- 1) to require joint instructions from some or all of the joint holders before taking any action; and
- 2) if we receive instructions from a joint holder which in our opinion conflict or are inconsistent with other instructions, to advise one or more joint holders of such conflict or inconsistency and/or take no action on any such instructions until we receive further instructions satisfactory to us; provided always that we are under no legal, contractual or non-contractual duty to exercise the right reserved to us under **Clause 6.7**.

6.8 In the event of the death or mental disability or insolvency of an individual person who is a Client or one of two or more individual joint holders after the Account is activated, all assets held by us in Account concerned will be for the benefit of and to the order of the Successor, court appointed representative, trustee in bankruptcy or surviving joint holder, as the case may be, and all obligations and liabilities owed to us will be owed by your Successor, court appointed representative, trustee in bankruptcy or surviving joint holder, as the case may be.

6.9 If you have appointed an Authorised Person under a power of attorney to deal with your financial affairs, you must inform us in

writing of the person to whom you have granted a power of attorney to instruct us on your behalf and supply us with a certified true copy of the power of attorney. We will only register one power of attorney for you. If, at any time, you revoke such power of attorney, vary the scope of authority of the power of attorney or grant the power of attorney to another person, you must inform us in writing immediately. Once a power of attorney is granted by you to another person, you agree that we are obliged by law to receive instructions from that other person until such time when you notify us that the power of attorney has been revoked.

7 COMMUNICATIONS AND LANGUAGE

7.1 All communications and any agreement between DF Markets and you under the Client Agreement, information, notices, requests and documents published on Our Website and Electronic Trading Platform will be in the English language.

7.2 You can contact us by post or by telephone using the details we give you or by visiting our office during the business hours or by electronic communication or via Our Website.

7.3 You consent to and agree that all information, notices and requests relating to the Client Agreement and any notices or other information that we are obliged to give is to be provided by us by Email to you via Our Website, the Electronic Platform and/or to your Email address.

7.4 We will contact you by post or by telephone or by Email using the details you have given us, including your Email address, or via Our Website or the Electronic Trading Platform. Certain forms of electronic communication are not completely secured and you must take adequate precautions to ensure that you have anti-virus and anti-malware software programmes in place and that others do not access, read or use Your Information without your consent.

7.5 You confirm that you have regular access to the internet, electronic communication and Email. By giving us your Email address on the Account Opening Form you give us your informed consent to delivery by Email, via Our Website and Electronic Trading Platform from us to you of all documents including notices, amendments to the Client Agreement, disclosures, regulatory and legal communications, financial promotions, Trade Confirmations, ongoing and periodic statements, data and records and other information relating to your Account and our Services.

7.6 Unless you notify us otherwise in writing, we will communicate with you at the Email address which you supplied in your Account Opening Form. You agree all such electronic communication shall be deemed to be in writing and in the form of a durable medium.

7.7 You agree we may record, monitor and maintain a record of all telephone calls and electronic communication between us so that we can check and record your instructions, the material terms of Trades and other material information, compliance

with the Terms of the Client Agreement and FCA Rules, our internal policies and to ensure we are meeting our obligations. You also agree that records of such calls and communications will be admissible as evidence of your instructions, Orders, Trades or communications given or received by you and that all such records remain our sole property and can be used by us, amongst other things, in the event of a dispute between us or for training purposes or in legal or regulatory proceedings.

7.8 At all material times, it is your responsibility to ensure that we have your current contact details including your Email address. When we are required to send information and/or documents to you, we will send these to the most recent addresses we have for you. If you do not tell us promptly about any change to your contact details, you may not receive such information and/or documents and their security could be at risk and you may not receive information and documentation which could be important, including notices of changes to the Terms which affect you.

8 EXECUTION

8.1 From the date of activation of your Account, we will provide execution-only or Client self-directed trading Services. We shall not provide any investment advice or personal recommendations to you. You will be dealing with us on an execution-only basis in reliance solely on your own judgment. In this regard you should bear in mind that if we provide information about or statistical data in relation to a potential investment, or

provide an explanation of the terms of an investment or its performance characteristics, this does not of itself amount to financial advice on the merits of a Trade or Order nor will it amount to a personal recommendation or financial advice or advice on the legal or tax status or consequences of your investment.

- 8.2** You place and submit Orders at your own discretion, risk and initiative. We do not advise you on the Trades you may effect through us and will accept Orders, effect Trades for you and deal with you only on an Order execution basis.
- 8.3** We will not make personal recommendations, provide investment advice or advise you on the merits or the benefits of purchasing, selling or otherwise dealing with any financial instruments, making an Order or executing any Trades nor will we be under any duty to advise you with regard to your personal circumstances or to assess the suitability or risk of a particular investment, Order or Trade.
- 8.4** We will provide you with best execution in accordance with the FCA Rules and our Execution Policy.
- 8.5** When executing Trades on your Orders relating to the Financial Instruments covered by the Client Agreement, we do not act as intermediary but as counterparty (principal) to such Trades. You are aware and agree that your Orders are executed on an OTC market at prices quoted by us or third parties.
- 8.6** We shall be entitled to carry out all Orders and Trades in accordance with the Market Rules, regulations, customs or practices of the relevant market, exchange and/or clearing house and Applicable Regulations whether imposed on you or us. We may take all such steps as may be required or permitted by such laws, rules, regulations, customs and/or market practice. We will be entitled to take or not take any reasonable action we consider fit to ensure compliance with the same and all such actions so taken will be binding upon you.
- 8.7** When you give us specific instructions, our Execution Policy will not apply to the aspects of the Order that are the subject of these specific instructions and we may be unable to take the steps described in such policy to obtain the best possible result in executing your Order.
- 8.8** When we execute a Trade we will, subject to any specific instructions that you give us and which we accept, do so in accordance with our Execution Policy which is available on Our Website.
- 8.9** You agree that the execution of Orders received from you concerning Trades in CFDs traded on different execution venues and therefore are subject to compliance with the Market Rules of the respective Markets. We will not be responsible or liable for any losses or damages suffered by you as a result of administrative or other changes in the Market Rules of the relevant Market.
- 8.10** Where we are unable to execute your Order at once or in a single Trade for a certain period of time, due to circumstances

beyond our control, we may postpone or refuse to execute. In such cases we will inform you through the Electronic Trading Platforms or by other appropriate means and we will not be held liable for any damages incurred by you. When the Order is partially executed we may report to you the average price (known as the VWAP or volume weighted average price) determined by us for the Trades so executed. Upon your request we may provide you with the actual price of each Trade.

- 8.11** You agree that when trading CFDs in real-time and in terms of the technological time required for the transmission of Orders, the possibility exists, that the quotes of certain CFDs change between the time your Order has been placed and the time it is received by us. In such instances, we reserve the right to execute your Order at the available price quoted at the moment of execution.
- 8.12** Where Market, Limit, OCO, Conditional or Stop Orders (in each case as defined in **Clause 18.1**) have been placed by you, we have the right to execute such Orders at a price considerably different from the one specified by you.
- 8.13** You agree, at any time and for any reason and without giving any notice and/or explanation, that we may refuse to execute any Order by you in cases, including but not limited to, where we deem the execution of your Order is aimed at manipulating the Markets and/or constitutes abuse or exploitation of insider information (insider trading) in breach of Market Rules or Applicable Regulations and/or contributes to money laundering, proceeds of crime or

terrorist financing or other illegal acts or activities and/or affects in any way or manner the smooth operation of our Electronic Trading Platform.

- 8.14** You agree that we may refuse to, at any time and for any reason and without giving any notice or explanation, execute any Order by you where there are insufficient or no available cleared funds deposited with us in your Account to pay the purchase price and/or cover Margin requirements and/or our fees and commissions.
- 8.15** We will not be obliged to execute your Orders and/or effect any Trade nor do anything else which we believe would be in breach of any Market Rules and Applicable Regulations. We are entitled to take such action as we may consider necessary to comply with FCA Rules or any other Applicable Regulations and shall not be obliged to take any action which would be in breach of any Market Rules or Applicable Regulations including FCA Rules.
- 8.16** We have the right and, if required by the Applicable Regulations, are obligated at any time to limit the size of your open Positions or refuse to open new Positions where:
- 1) there is a suspicion or evidence that you have received insider information amounting to market abuse;
 - 2) we determine that Force Majeure Circumstances exist; and
 - 3) the funds in your Account fall below the minimum level of the required Margin deposit for securing the Positions opened by you;
- 8.17** In respect of certain commodity derivative

contracts, position limits may be imposed by the FCA or other national competent authorities, and position management controls may be imposed by a Market. In order to ensure that such position limits and position management controls are complied with, we may require you to limit, terminate or reduce the positions which you may have with us at any time and we may in our sole discretion close out any one or more Transactions.

9 INTEREST, FEE AND COMMISSIONS

- 9.1** Where required by Applicable Regulations, we will, in good time before the provision of Services to you, inform you of all costs and charges relating to those Services. You may request a breakdown of the costs and charges applicable to you at any time. If you are a Professional Client or an Eligible Counterparty, you agree that we may provide you with more limited costs and charges information than would otherwise be required by Applicable Regulations.
- 9.2** You will pay our charges and fees in connection with our Services, if any. Details of the basis of their calculation and how frequently they are to be paid and collected are set out in our Market Information Sheet published on Our Website, as amended from time to time.
- 9.3** You will be responsible for the payment of any commissions, transfer fees, registration fees, taxes, duties and other fiscal liabilities and all other liabilities and costs properly payable or incurred by us under the Client

Agreement.

- 9.4** You undertake to provide us with the money required for entering into Trades, as well as to indemnify us for any expenses incurred, along with the interest and damages suffered in relation to the execution of Trades.
- 9.5** Charges will be recorded and indicated on ongoing and periodic statements.
- 9.6** We may at any time change the interest rates, fees and commissions and our charges for the provision of our Services, provided a prior notice has been sent to you and/or published on Our Website. Such a notice will be sent or published at least 7 Business Days before the effective date of the change and will be further announced on Our Website. Where the change in the interest rates, fees and commissions has resulted from a change in the interest rates, fees and commissions charged at or by a given market, Liquidity Provider, investment firm, financial institution or other third party used by us for the purposes of providing our Services to you, such change will come into effect immediately and you will be notified through Our Website and/or by Email.
- 9.7** You agree that if, within the 7 Business Days period referred to in **Clause 9.6**, you do not expressly refuse in writing by Email to accept such changes or new interest rates, fees and commissions, you agree the charges and interest rates will be considered binding on you without any need for formal approval or consent from you. In the event you do not accept or

refuse to accept the changes, the Client Agreement may be terminated in accordance with **Clause 37.1** of these Terms.

- 9.8** When you make payment to us, including depositing funds in a currency different from your Account currency or the currency required for your Order or Trade, you will be liable for all costs and expenses as well as any losses incurred by us in relation to currency exchange rate differences and exchange commissions.

10 OUR SERVICES

- 10.1** Our Services will be subject to these Terms, Market Rules requirements and Applicable Regulations and any limits or restrictions which you may specify in the Account Opening Form or subsequently in writing to us.

- 10.2** As part of our Services, we provide you with information on the current situation of different Markets. Such information is to be considered only as information relating to financial instruments for the purpose of convenience only and should not in any circumstances be deemed by you to be personal recommendation or financial advice for entering into or not entering into a Trade.

- 10.3** Your Trades will be executed without physical delivery of the Underlying Assets, and will be carried out only through your Account with us opened for that purpose in your name.

- 10.4** All Trades concerning CFDs offered by our Services are traded on non-regulated markets and you agree that all Trades placed by you under the Client Agreement shall be executed at prices quoted by us or third parties. Trades are executed on an OTC market with us acting as the counterparty to every Trade which has been entered into. You enter into the Trades at the prices quoted by us or by a third party, in your name, on your Account and at your risk.

- 10.5** You can choose the Electronic Trading Platform you wish to use for trading. Every Trade is executed only after you have placed an Order, which is at your own risk and we will not be responsible or liable for the results or outcome of your investment decisions when a Trade has been executed in accordance with the terms of this Client Agreement.

- 10.6** There is the possibility that the CFDs offered in **DFTrader** may change. Updated information on the instruments offered for trading in the Electronic Trading Platform may be found on Our Website.

- 10.7** Where the services to be provided to you involve the provision of information, we will use reasonable endeavours to ensure that such information is accurate but you acknowledge that information provided by us may be based upon information originating or obtained from third parties and/or which is incomplete and unverified. We shall not be liable for any claims, liabilities, costs, expenses or losses which you may suffer as a result of relying on any such information unless we have been

negligent or had acted in bad faith.

11 CONTRACTS FOR DIFFERENCES

11.1 When trading CFDs, you agree that:

- 1) neither you nor DF Markets will physically receive the Underlying Asset
- 2) neither you nor DF Markets undertake to actually buy or sell, deliver or receive the Underlying Asset;
- 3) the rights and obligations relating to trading CFDs are limited to the making or receiving payments, in line with the contents of your Order and the provisions set out in the Client Agreement, and the financial results from execution of your Orders will be reflected accordingly in your Positions in CFDs and/or funds held in the analytical accounts opened for you with us.

11.2 On the day of entering into a Trade:

- 1) we will place a block on an amount standing to the credit of your Account equal to the price of the Trade, being the price at which we executed the Trade, multiplied by the notional size of your Position. Any amount standing to the credit of your account that is subject to such a block shall be unavailable to be withdrawn by you until such time as the block has been released; and
- 2) we will debit your Account with the amount of all the interest, fees, commissions, costs and expenses due from you under our Market Information Sheet published on Our Website.

11.3 We will credit your Account with the Dividend-Related Amount for one CFD multiplied by the size of your Position, as at the closing of the previous day.

11.4 If, in relation to any Dividend-Related Amount credited to your Account, we determine that either (a) the issuer of the Underlying Asset has failed to make any payment in respect of that Dividend-Related Amount; or (b) the amount actually paid by the issuer of the Underlying Asset to holders of such Underlying Asset is less than the Dividend-Related Amount, we shall make an adjustment to your Account to reflect the amount of dividend actually paid by the issuer of the Underlying Asset.

11.5 A Position in CFDs may be closed as follows:

- 1) If you instruct us to close out all or any part of your Position (by placing an Order to sell a CFD the execution of which will result in an equal and opposite Position to a Position you already hold), we will accept the Order unless it is not possible (for reasons outside our control) for us to do so. If we are unable to execute your Order we will do so as soon as commercially practicable. When we have executed your Order, the Positions will be closed out accordingly.
- 2) in the case of Share CFDs, if (A) the Underlying Issuer becomes insolvent or subject to insolvency proceedings; or (B) all or substantially all of the assets of the Underlying Issuer are nationalised or expropriated, we are entitled to close the Positions in such CFDs. If we decide to close those

positions, the date that the relevant event occurred (as determined by us in good faith) will be deemed as the closing date. The value of such CFDs will be determined by us at our own discretion and in good faith as at the closing date and will be credited to or debited from your Account, as applicable.

- 3) If the trading of the Underlying Asset of a CFD has ceased on at least one Market, we will be entitled to close out your Positions in the relevant CFD. The value of such CFD will be determined by us in good faith as at the date of closing the Positions and will be credited to or debited from your Account, as applicable;
- 4) We may close your Positions if permitted to do so by any other provision of the Client Agreement.
- 5) Any amount standing to the credit of the Account that has been blocked in accordance with **Clause 11.2** in relation to the Position being closed shall be automatically unblocked immediately upon the closure of that Position.

11.6 If we determine that an Extraordinary Event has occurred in relation to the Underlying Asset in respect of any Share CFD, we shall be entitled to:

- 1) make such adjustments to the terms of the affected Share CFD (including but not limited to replacing the Underlying Asset with any new shares received by holders of the Underlying Asset as

consideration for the relevant Extraordinary Event) as we consider (acting in good faith and in a commercially reasonable manner) to be appropriate to account for the economic effect of the event on the Trade; or

- 2) close out your Positions in the relevant CFD. The value of such CFD will be determined by us in good faith as at the date of closing the Positions and will be credited to or debited from your Account, as applicable.

We will promptly notify you (by Email or on Our Website) of any adjustment made to the terms of CFDs in accordance with (1) above.

11.7 The following events will be "Extraordinary Events" for the purpose of **Clause 11.6**, which involve a statement by the Underlying Issuer:

- 1) stock split or stock consolidation of the par value of the shares, or free distribution of shares to existing holders as bonus shares, capitalisation or a new issue of shares;
- 2) transfer to existing shareholders of other capital or shares granting rights to receive dividends or liquidation proceeds from the capital, or warrants granting rights to transfer, purchase, subscribe or receive shares at a price lower than the market price;
- 3) any other event similar to those listed in **Clause 11.7 (1) and (2)** above, resulting in dilution or concentration of the Underlying Issuer's market capitalization.

11.8 We will not be liable for any loss or damages suffered by you in relation to one or more

of the events referred to in **Clause 11.7**.

11.9 If you hold a Position in CFDs and the trading in those underlying assets is restricted or suspended temporarily or permanently, including by a regulatory body or by a given Market, Liquidity Provider, investment firm, financial institution or other third party used by us for the purposes of providing our Services to you, the Revaluation of the Open Position will take place at the moment preceding such a restriction or suspension. We reserve the right to re-evaluate the CFDs at our discretion and in good faith, taking into consideration the prevailing market conditions, at any time during such a restriction or suspension. If such a restriction or suspension lasts for more than 5 Business Days, we will be entitled to close the relevant Position, in which case we will determine (in good faith and in a commercially reasonable manner) the closing date and the value of such Position. The value will be credited to or debited from your Account, as applicable.

12 QUOTES

12.1 For each Order you will receive quotes through our Electronic Trading Platform, or over the telephone from the dealers provided that you have been identified to our satisfaction.

12.2 We will provide to you 'bid' and 'ask' quotes. When you wish to purchase a CFD, you will confirm the 'ask' quote given by us, and when you wish to sell a CFD, you will

confirm the 'bid' quote given by us.

12.3 On certain occasions it may be impossible that we provide quotes to you for Share CFDs and ETF CFDs in the first 15 minutes after the Market trading session has been open. You acknowledge abrupt fluctuations and lack of sufficient liquidity could result in the spread between the 'bid' and 'ask' prices being wider than usual.

12.4 You accept that the information on volumes, highest and lowest levels and other related data in the Electronic Trading Platform, as well as the visual representation of these data in the 'Chart' module are indicative only and may contain errors and inaccuracies. We do not guarantee the execution or failure to execute Orders at prices contained in that information.

12.5 It is possible that the quotes provided in the Electronic Trading Platforms contain errors or inaccuracies, for which our liability may be limited to the cases as stipulated in **Clause 26**.

12.6 We are not obliged to quote prices for certain CFDs or accept Orders for entering into Trades, in the following cases:

- 1) the respective market is closed for trading;
- 2) the CFD Underlying Assets are suspended from trading for any reason, whatsoever;
- 3) there are Force Majeure Circumstances which prevent the trading in CFDs or the Underlying Assets for a certain period of time;
- 4) Orders are placed outside our Trading

Hours;

- 5) in case of other circumstances specified in the Client Agreement or circumstances which make the provision of quotes by us impossible or economically impracticable.

12.7 We may be unable to provide quotes if we experience temporary technical failures or in case of circumstances impeding the execution of Trades on the relevant Markets. In such situation, we, our directors, officers, employees or agents will not be liable for loss of profit as well as for any direct or consequential loss or damage suffered by you.

12.8 In the event of technical failure, including failure of quotes, you are required to immediately contact us prior to undertaking any actions related to your submitted Orders or opened Positions. In the case where your Orders are executed (or not executed) in error, during the time when a technical failure has occurred in the Electronic Trading Platforms, DF Markets will investigate and assess the executed (or not executed) Orders and will make a decision on whether the Trades are valid or not. You will be advised about the decision within 3 (three) Business Days from when we become aware of the technical malfunction.

12.9 We are authorised by you to do anything which we consider necessary or appropriate either to provide the Services (including but not limited to acting as your agent and delegating our authority as your agent to another) or to comply with any Applicable Regulations as may reasonably be

appropriate. You agree to ratify and confirm everything lawfully done in the exercise of such authority by us pursuant to this **Clause 12.9**.

13 MARGIN, MARGIN CALLS AND PAYMENTS

13.1 You will provide to us from time to time on demand such sums by way of Margin as we may in our discretion require for the purpose of protecting ourselves against loss or risk of loss on present, future or contemplated Trades under the Client Agreement. The trading Margin for different types of CFDs is determined in accordance with the limits specified on Our Website. In respect of each Position, you will maintain in your Account an amount not less than the percentage, as specified on Our Website, of the Current Market Price, multiplied by the size of the Position (such amount, the "Required Margin").

13.2 The minimum Margin (expressed as a percentage) for the different types of CFDs is set out on Our Website. Without prejudice to the above, we reserve the right to establish, at our discretion and in good faith, special Margin requirements for different Trades, where reasonable. It is your responsibility to monitor at all times the amount of Margin and availability of funds, and unless otherwise expressly stipulated, we will be entitled but not obligated to make any Margin calls. Making a Margin call will not be a precondition for us to exercise any of our rights under the Client Agreement, including closing your Positions.

- 13.3** Different Margin requirements may apply to different Trades and/or Accounts and be subject to your client classification as either a Retail Client, a Professional Client or an Eligible Counterparty.
- 13.4** Unless the terms applying to a particular type of Trade otherwise specify, Margin will be valued by us on such basis as we shall in our absolute discretion determine and may reflect, without limitation, our view as to the extent that funds are fully available to us or such discount to the current market value of any Margin as reflects our perception of the market risk of that Margin.
- 13.5** You are obliged to:
- 1) monitor and check if the Required Margin has been met during the time you hold open Positions. You may monitor this through the Electronic Trading Platform, by which we provide you access to the status of your Account. You may request information about the status of your Account through the telephone subject to the provisions for identification in **Clause 17**.
 - 2) ensure that Required Margin is available and maintained on your Account at all times. You undertake to pay at any time, upon request by us, any additional Margin enabling you to meet your obligations with respect to open Positions; such additional Margin will be equal to the deficiency in funds on your Account, calculated in accordance with the provisions in **Clause 13**.
- 13.6** We are entitled to cover all losses incurred as a result of your Trades and of holding Positions, by debiting your Account with the amount of such losses incurred.
- 13.7** The Available Balance with us may differ from the funds initially invested.
- 13.8** The positive and negative results, as well as the Revaluation of Open Positions resulting from your trading, will be calculated, carried out, and reflected on your Account taking into consideration the currency in which your Account has been opened. Any such conversions into the base currency of your Account will be carried out by us at an exchange rate corresponding to the closing market prices on the markets of the different currencies.
- 13.9** We will prepare a daily Statement under **Clause 19** for the Trades carried out by you, by the end of the Business Day following the date of the Trades' execution under the terms of the Client Agreement. Until such a Statement is prepared, if the realised profit/loss is in a currency (the "**Trade Currency**") other than the currency that the Account is denominated in (the "**Account Currency**"), it will be recalculated on the basis of the then prevailing market rate at which the Trade Currency can be converted into the Account Currency.
- 13.10** Between the moment of receipt of a Margin call from us and the moment of paying in the Margin requested, we are entitled to close your open Positions at any time and without prior notice given to you. In all such cases, you expressly and unconditionally accept the prices at which your Positions have been closed by us.

13.11 Where you hold open Positions in CFDs, and the deficiency in the Available Balance reaches 10% of the Required Margin, we will in accordance with **Clause 13.2** send to you, although we are under no such obligation to you, an email request (Margin call) for your immediate transfer of the deficient funds. If the deficit reaches 50% of the minimum Required Margin for the Positions, we will automatically close all or part of your open Positions at the Current Market Prices. We will also refuse to accept new Orders until such time you have paid in the Required Margin. Any resulting differences will be reflected on your Account.

13.12 If the deficit to the Available Balance (funds available) of your Account exceeds the levels specified in **Clause 13.11** above, we will be entitled to close partially or entirely your open Positions, irrespective of whether you have received or not the request for your immediate transferring of additional funds to serve as Margin (a “**Margin call**”).

- 1) We will partially (as opposed to fully) close your open Positions only in the cases where:
 - a) closing of your Positions is done in the non-Trading Hours for a particular Underlying Asset. In this case the non-traded Positions (i.e. those for which the Underlying Assets are closed for trading) will remain open. All other Positions will be closed;
 - b) there is insufficient liquidity at the execution venue where the Underlying Asset in respect of your open Position is traded. In this case, the Positions for which there is insufficient liquidity remain open; All

- other Positions will be closed;
- c) the Underlying Assets in respect of your open Positions are not traded due to other reasons, including but not limited to Force Majeure Circumstances. In this case, the Positions which refer to the affected Underlying Assets remain open. All other Positions will be closed;
- 2) In any other case, we may close entirely all of your open Positions, regardless of their result and whether closing a part of your Positions would have covered the deficiency of the Available Balance.

13.13 You may not open new Positions if the Available Balance is lower than the Required Margin for the already open Positions aggregated with the required Margin for the new Positions.

13.14 Where we determine that the deficit to the Available Balance is sufficiently close to 100% of the Required Margin, we are entitled to close your Account and terminate the Client Agreement without prior notice given to you.

13.15 In all the cases of closing of your Positions by us, you agree you will accept the price levels at which your Positions have been closed by us.

13.16 We are entitled to change the amount of the Required Margin for any certain Financial Instrument, Trade, or for your Account at our discretion in the following cases:

- 1) significant and abrupt fluctuations on the Markets on which the Underlying Assets are traded;
- 2) important economic and/or political

events;

- 3) other circumstances affecting the trading of the relevant Financial Instruments and/or underlying assets;
- 4) where the total amount of your Account Balance(s) and your open Positions exceeds the limits acceptable for us;
- 5) where a need has arisen for the protection of our rights under the Client Agreement.

13.17 In case of changes made pursuant to **Clause 13.16** above, we will promptly notify you by email and by reflecting the change in the Electronic Trading Platform.

13.18 While failure to pay margin when required will entitle us to close out some or all of your positions and/or call an Event of Default, we are under no obligation to close out any Trades or take any other action in respect of Positions opened or acquired on your instruction. In particular, failure by you to pay Margin, when demanded, will not require us to close out any such Trade.

13.19 All Margin and other payments due by you to us pursuant to the Client Agreement shall be made in freely transferable funds in such currency and to such bank account as we may from time to time specify. If you are by law required to make any deduction or withholding in respect of taxes or otherwise, then you will be liable to pay such amount to us as will result in our receiving a net amount equal to the full amount which would have been received had no such deduction or withholding been required.

13.20 You agree that if you do not hold sufficient

funds to meet the Required Margin, then we may close your open Positions immediately and without notice.

13.21 Except as provided in these Terms, if at any time, your combined exposure in one or more Trades reaches a level which, in the case of adverse market development, may lead to a significant deficit not covered by your deposits and/or Margin with us, we may in our absolute discretion increase the Margin requirements and/or reduce your exposure by closing one or more or all of your open Positions immediately.

13.22 Any sums due to us from you pursuant to the Client Agreement (plus any applicable VAT) may be deducted from your Account and applied in the discharge of such sums.

13.23 In no circumstances is the level of Required Margin, including additional Margin, intended to represent your entire liability towards us under the Client Agreement.

13.24 You shall ensure that you are full legal and beneficial owner of any money which you transfer to us pursuant to this Client Agreement and that any money you withdraw from the Accounts is paid directly to you as full legal and beneficial owner.

13.25 We will not accept and execute payments from third parties, namely:

- 1) deposits to your Account if the person or the legal entity sending the funds is not the holder of the Account with us;
- 2) withdrawals from your Account if the person or the legal entity receiving the funds is not the holder of the Account with us.

14 ACCOUNT OPENING

14.1 Before you apply to open an Account with us, you must confirm that you have read and understood these Terms and our Risk Warnings Notice, Execution Policy, Conflict of Interest and Market Information Sheet. The latest versions are published on Our Website.

14.5 During the Account Opening Process, you will be required to provide personal information for identification and information evidencing your residence for the purposes of independent verification and our fulfilling of statutory and regulatory obligations. These requirements equally apply to your agents or Authorised Persons.

identification procedures will be applied to each joint holder.

2) Companies

In the case of a corporate Client, we need to be satisfied that the company exists and that we are dealing with the company. The existence of the company can be determined by making a company search which reveals the following information:

3) Trust, Fiduciaries and Power of Attorney

The documents required include a certified copy of the trust (and the grant of probate or copy of the Will creating the trust in the case of a deceased settler) and Legal Entity Identifier (LEI) if required by Applicable Regulations. Identification and

verification of the trustees and beneficiaries under the trust in accordance with the procedures for individuals or companies will be also required. In the case of a deceased Client's estate, the beneficial owner is the executor (original or by representation) or administrator for the time being of the deceased Client. Where there is an ongoing trust after the estate ceases to be in administration, the beneficial owner of the trust must be identified and verified. For persons acting under a Power of Attorney, the procedures for identification and verification for an individual or a company will apply.

14.7 In certain circumstances, completion of identification and verification during the online Account Opening Process via Our Website may not be possible. In such situations, we will request from you further documentary evidence to be produced by way of original document or by way of certified copy by a bank manager, solicitor, notary public or accountant who must verify your name and current permanent address. The certification should contain the words '*I certify that this is a true copy of the original*' and the person making the certification must print his name and address clearly and provide the date of certification.

14.8 The Client Agreement shall apply to all of your Orders and Trades and shall take effect provided all of the following conditions are met:

- 1) when you signify acceptance of the Client Agreement by correctly

completing and submitting the online Account Opening Form or the paper version of our Account Opening Form;

- 2) we confirm in writing to you by post to your home address or by electronic communication or Email that your Account has been opened; and
- 3) the minimum required funds are received cleared into the Account.

14.9 If your Legal Entity Identifier (LEI) expires and we are not provided with details of a renewed or updated LEI, we shall be entitled to close all or any of your open Positions in our sole and absolute discretion.

15 YOUR ACCOUNT

15.1 The minimum amount required for the opening of an Account and the base currency will be specified in our Market Information Sheet.

You unconditionally accept and agree with the exchange transaction at these rates.

15.6 During the Account Opening Process, you will be requested to provide details of your bank account.

15.7 We shall make payments due to you in such manner as we deem appropriate in the circumstances although we will normally make payments to you by the payment method you have used to fund your account with us. In the case of a credit card withdrawal, we will only pay up to the value of the original payment. Any excess shall be paid by wire transfer to your bank account.

15.8 You accept and agree:

- 1) that your Account with us will be debited upon execution of your Orders;

15.11 We will send all payments electronically to the sole or first-named joint holder for the Account on our records or the holder and address received by us most recently for correspondence purposes.

15.12 You undertake to pay us on demand all commissions and other charges due to us, such sums as we may at any time require in or towards satisfaction of any debit balance on your Account or any Account comprised therein, and the amount of any trading loss that may result from any Trades hereunder, interest and service charges due to us on the Account and our reasonable costs and legal fees incurred in collecting any such amounts or any other sums due to us pursuant to the terms of this Client Agreement.

15.13 All payments due from you shall be made in the same day (or immediately available) and freely transferable funds in such currency and to such bank as we may from time to time specify and notify you.

15.14 We reserve the right to set limits or take other measures we deem appropriate in

order to control the trading carried out by you through the Electronic Trading Platform. Such limits or measures may be modified, removed, or instituted without prior notice. These limits or measures may include maximum value/quantity/size and price of Orders, maximum total exposure for you and your Account, controls over Orders which are submitted at a price which is significantly different from the prevailing market price, as well as any other measures which may be consistent with market practices or the Applicable Regulations or which we deem necessary to protect your interest or our own interest or the interests of other clients.

16 TRADING PLATFORM

16.1 Access to Our Website is by internet connection from a compatible computer. You will need to follow the login access procedure and download any software programme provided by us to you. You agree for security purposes that you will use anti-virus and anti-malware software to protect data and our Electronic Trading Platform systems from being compromised. You also agree to use software programmes developed by us and third parties and browser software which supports data security protocols compatible with those used by us on our Electronic Trading Platforms.

16.2 Following the online Account Opening Process we will, shortly after notification of activation of your Account, give to you a unique username and password to allow access to our Electronic Trading Platforms

via Our Website.

- 16.3** You agree you will keep the username and password confidential and in a safe place and not disclose them to any person. You must notify us immediately when you become aware that your username or password has been compromised, lost, stolen or disclosed to any person or if you become aware of unauthorised use or unauthorised access to your Account with us.
- 16.4** You must obtain our prior written consent if you wish to disclose your username and password to an Authorised Person to enable such person to act on your behalf. We reserve the right to set up a different username and password for use by that Authorised Person so that we may authenticate and monitor any Trades that Authorised Person using your Account. We may rely on all instructions, Orders and other communications entered using your username and password or the username and password given to an Authorised Person. You shall be bound by any Trades entered into on your behalf by an Authorised Person, including the expense incurred resulting from such instructions, Orders and other communications.
- 16.5** You will need your username and password each time you wish to enter into our Electronic Trading Platform facility to access your Account, obtain our Services, view quotes, buy or sell CFDs, communicate with us, submit your Orders and instructions for Trades under the Client Agreement.
- 16.6** If we become aware that your username and password are being used by a person other than you or being used without your knowledge by unauthorised persons, we may without prior notice to you suspend your online access to the Electronic Trading Platform.
- 16.7** If we believe that you have supplied your username and password to another person or other persons in breach of **Clause 16.3** above, we may terminate this Client Agreement and we will notify you of the reason we have taken such action.
- 16.8** You acknowledge and agree that we may at our sole discretion terminate your access to our Electronic Trading Platform or part thereof if required by law or to ensure the effective and efficient operation of our systems, the protection of our Clients and our interests.
- 16.9** You acknowledge that the internet may be subject to events which may affect your access to Our Website such as interruptions, denial of service or transmission blackouts. You agree that we will not be responsible or liable in any way whatsoever for any loss or damage resulting from unauthorised persons having access to information, including electronic communication and addresses and personal data when these are transmitted between you and us over the internet operated by internet service providers or other communication networks, telephone or other electronic communication means.
- 16.10** You acknowledge that we will not be responsible or liable to you for any loss or damage due to your inability to access our

Electronic Trading Platform as a result of your failure to keep our Electronic Trading Platform software downloaded onto your computer updated with all necessary software updates, patches and upgrades which we notify as available to you.

16.11 To ensure our Electronic Trading Platform and systems are maintained and operate effectively, we perform updating and upgrading of software and servers from time to time. These upgrades and updates may cause our Electronic Trading Platform, Our Website and electronic communications and systems to become inaccessible by Clients for a period of time. Although we will endeavour to carry out such maintenance after Trading Hours to minimise possible disruptions, this may not always be possible. You acknowledge and agree that we will not be responsible or liable for any loss of damage suffered by you due to such maintenance, upgrades and updates.

16.12 We will provide you with new versions of the Electronic Trading Platform, free of charge, by making them available for download from Our Website.

16.13 You undertake to use the latest versions of the Electronic Trading Platform, once these become available on Our Website. If you fail to do so, we will not be responsible or liable for any resulting loss or damage suffered by you. The technical requirements for using the Electronic Trading Platform, as well as additional useful information are available on Our Website.

17 PLACING ORDERS AND CANCELLATION

17.1 You may place or submit Orders via the Electronic Trading Platform by using a unique username and password in accordance with the Client Agreement or by telephone call to the numbers specified on Our Website, subject to the provisions of the Client Agreement. We must actually receive any instructions before we can act on them.

17.2 Whichever means you choose to use in placing or submitting your Orders (through the Electronic Trading Platform or over the telephone), you undertake to submit Orders in compliance with and to follow precisely in exact manner the relevant requirements and Order requisites specified by us. We will incorporate the required Order requisites in the format accessible through Electronic Trading Platform in the Order forms. You will be required to specify these requisites whenever Orders are placed over the telephone in addition to your telephone username and password. If the Order requirements and requisites are not met, that Order will not be placed with us and we will not be in a position to execute your Order nor will we be liable for non-execution or the inaccurate execution of your Order.

- 17.3** The minimum Order quantities for entering into Trades are published on Our Website. We will incorporate the minimum required Order requisites in a format accessible through the Electronic Trading Platform, in the Order forms, and will also require those requisites to be specified by you whenever Orders are submitted over the telephone. If the Order content and the submission requirements are not met, that Order will not be placed with us and we will not execute your Order. In those circumstances we will not be liable for not having executed or having incorrectly executed your Order.
- 17.4** We reserve the right to require additional information with regards to any placed Order or instruction where such information is necessary for the execution of the Order or instruction, or for the purposes of compliance with the Applicable Regulations. Until such additional information is received by us, we will not be obliged to execute your Order or instruction.
- 17.5** You have the right to authorise another person to give instructions and/or Orders to us or to handle any other matters related to this Client Agreement, provided we have received no less than 7 Business Days prior written notice from you and the person chosen by you as Authorised Person meets our approval by satisfying our statutory obligations under the FCA Rules and anti-money laundering legislation. If approved, we will continue to accept instructions and/or Orders from the Authorised Person given on your behalf until we receive written notification from you of any change in, withdrawal, revocation or termination of the authority of your Authorised Person to act on your behalf. You will however remain fully responsible and liable for all Orders and instructions received from the Authorised Person. You accept and agree that all instructions and Orders given by the Authorised Person shall be valid and binding upon you as if such instruction or Order had been given by you.
- 17.6** We may acknowledge your instructions by such means as we consider appropriate whether orally, in writing, by actual performance or otherwise. Once given, instructions or Orders may only be revoked, amended or withdrawn with our written consent. We reserve the right to proceed to a partial execution of your Orders. We may at our discretion refuse to accept any new instructions for Orders given by you if the execution of the Order to which such instructions refer is in progress.
- 17.7** Any instruction or placing of an Order sent via our Electronic Trading Platform or by telephone call from you to us shall only be deemed to have been received, and shall constitute a valid instruction and Order, when such instruction or Order has been recorded as executed by us and confirmed to you in writing. The mere transmission of instruction by you shall not constitute a binding contract between us and you.
- 17.8** Should we receive an Order from you by any means other than through our Electronic Trading Platform, that Order will be transmitted by us to the Electronic Trading Platform and processed as if it was received from you through the Electronic Trading Platform.

17.9 When executing your Orders for Trades in CFDs, we will fulfil the following conditions:

- 1) promptly and accurately record and allocate Orders;
- 2) promptly execute identical Orders consecutively following their receipt, unless the characteristics of the Order or the prevailing Market conditions make this impossible or impracticable;
- 3) notify Retail Clients about any difficulty, as might arise, obstructing the proper execution of Orders, as soon as we become aware of such difficulty; and

17.10 The unique username and password will provide you with complete autonomous access to the Electronic Trading Platform. Your Electronic Trading Platform password is known only to you and none of our employees servicing Clients will have access to it. You may change the password at any time and you are advised by prompts on Our Website to do so periodically, for security reasons. Upon your request, we can also generate a digital certificate for use by you.

17.11 If your username or password for the Electronic Trading Platform has been lost, inadvertently disclosed or stolen or you believe there has been unauthorised access to your unique username and password or other illegal interference by a third party, you must immediately notify us and request a new username and password.

17.12 We will not be responsible or liable for any

loss or damage suffered by you if you do not comply with the provisions in this **Clause 17** and as a result, a third party gains unauthorised access to your Account and submits instructions and Orders. In such case, you agree you will bear the risk of adverse consequences resulting from unauthorised access to your Account.

17.13 In certain circumstances, we will accept instructions by telephone provided we are satisfied, at our sole discretion, of the caller's identity and instructions. If you choose to submit Orders over the telephone, we will provide you with a telephone password for Order submission by telephone. Please refer to the telephone numbers published on Our Website.

17.14 You agree you will keep the telephone username and password confidential and in a safe place and not disclose them to any person. You must notify us immediately when you become aware that your username or password has been compromised, lost, stolen or disclosed to any person or if you become aware of unauthorised use or unauthorised access to your Account with us.

17.15 We will accept Orders submitted over the telephone as valid only if you provide us your telephone user name and password, your full name, personal Client number or registration number and other information which we have on record to verify your identity to our satisfaction, including Your Information.

17.16 You understand and accept that there are inherent risks associated with submitting

Orders and instructions over the telephone and that we will in no way be liable to you for any loss or damage suffered as a result of Orders and instructions received by us from a person who has provided the correct telephone username and password and identification information but whom is later ascertained to be a person who was not authorised by you to submit the Order and/or instruct us.

17.17 You agree that all Orders submitted by you over the telephone may be recorded (without use of a warning tone) and kept by us in Order to verify and guarantee the authenticity and security of the information provided. Such recordings may be used to resolve inconsistencies and disputes between you and us. You also agree that such recordings may be used as evidence in legal proceedings. Such recordings will be our sole property and accepted by you as evidence of the orders or instructions given. A copy of the recording will be available on request for a period of five years and thereafter as required by Applicable Regulations, whichever is the longer.

17.18 In the event we incur losses as a result of errors made when placing instructions over the telephone or through an Authorised Person under **Clause 17.5** or your breach of **Clause 17.16**, we have the right to offset the loss incurred against the Margin provided by you and will notify you through Our Website and/or by Email or by other means of electronic communication. Offsets of amounts in different currencies will be possible and we will carry out currency conversions at such rates as we determine in good faith. You agree that such

conversion and offsets will be binding on you.

17.19 You agree that should the loss referred to in **Clause 17.18** be greater than the Margin, we have the right to offset the whole Margin amount and to seek a full indemnity from you. In such circumstances, we have the right to request you to voluntarily pay the indemnity within a period of 30 days. If you do not make the voluntary payment requested, we shall seek to enforce payment by way of legal proceedings under the Client Agreement.

17.20 Instructions and Orders may be acknowledged either expressly or by our acting upon them. You agree you will accept the risk of misinterpretation and/or mistakes resulting from technical or mechanical or connectivity problems or damage in the instructions or Orders you sent to us by means other than through the Electronic Trading Platform and that we, our directors, officers, employees, agents, Associates and assigns will not be liable or responsible for loss of profit or any direct or consequential loss or damage that you may suffer as a result.

17.21 You shall promptly (and within any time limit imposed by us) give any instructions we may reasonably request from you in respect of any Trades or other matters in relation to which we have accepted your instructions to act. If you do not do so, we may in our sole discretion take any steps at your cost as we consider appropriate for our or for your protection.

17.22 We have the right to execute partially or

cancel an Order placed by you if at the time of execution there has been insufficient liquidity on the respective market, on which the Underlying Asset is traded.

17.23 We may at our absolute discretion refuse to accept or act in accordance with any instructions, without being under any obligation to give any reasons to you. If we decline an instruction we will take reasonable steps to notify you promptly of this but subject to this will not be liable for any failure to accept or act on such instructions.

17.24 We have the right to refuse to execute your Orders or instructions, without being required to state its reasons, for any reason, including but not limited to situations, where such execution would breach statutory or regulatory provisions on anti-money laundering, terrorist financing, proceeds of crime and insider trading or other laws and regulations.

17.25 We will not be held responsible or liable for any potential or actual loss or damage suffered by you as a result of:

- 1) your incomplete and/or incorrectly submitted Orders or instructions;
- 2) temporary or permanent breakdown of your internet connection or electronic communications, Email or other means of communications;
- 3) technical flaws of devices used by you, including but not limited to, hardware and software failures of your computer system;
- 4) technical failure in the Electronic Trading Platform or Our Website which delays the delivery or results in the

non-delivery of your Orders.

17.26 You may submit an Order to cancel a previously placed Order until the moment of execution of the previously placed Order. Cancellation Orders are submitted in the same way and through the same means of communication as general Orders.

17.27 We will act immediately upon receipt of your cancellation Order. Order cancellation requires certain technological time and it is therefore possible that the execution of the Order placed earlier may outrun the execution of the cancellation Order, in which case you will eventually bear any unfavourable consequences from the execution of the previously placed Order. Instructions given to us may only be cancelled provided they have not been acted upon and executed by us.

17.28 We reserve the right at our own discretion to set limits in relation to: a) the submission and/or the execution of your Orders (including limits on their volume) and/or b) the opening of new Positions (including limits on the Position's value) within the Business Day. Such limits may be placed, altered, added or removed without prior notification to you.

We reserve the right:

- 1) if you have submitted an Order, which exceeds the predefined limits, to contact you through the Electronic Trading Platform or by other appropriate means and require further confirmation by you for the parameters of the Order. We reserve the right not to confirm an Order and/or not to proceed with its execution until we

- have received a confirmation from you.
- 2) if you have exceeded the predefined limits: a) to temporarily restrict the possibility for you to submit new Orders and/or to open new Positions and/or b) to cancel your Orders and/or partially or fully close your existing Positions.

We will notify you of the occurrence of such circumstances through the Electronic Trading Platform and/or by email and/or other appropriate means. You agree and accept that the exceeded limits as well as the reasons for surpassing those limits will not be subject to proof in the case of a dispute on the interpretation and/or application of the Client Agreement, and any such dispute will be settled between us by mutual agreement or will be settled in the competent court. Any such circumstances may relate to the Market's high dynamics; the relationship of DF Markets with third-party contractors; the current status of DF Markets's trade lines; the occurrence of events which cannot be reasonably foreseen; and any other reasons whatsoever not stipulated in this **Clause 17.28**. The rights under this **Clause 17.28** do not waive the rights we have under **Clause 15.14**.

17.29 In case we find that you obstruct the normal operation of DF Markets's servers by means of generating a large number of Orders and/or other messages or try to cause other harms, we have the right to temporarily restrict your ability to submit new Orders and/or open new Positions. The rights under this **Clause 17.29** do not waive the rights we have under **Clause 15.14**.

17.30 You acknowledge you are familiar with and accept the following circumstances related to the implementation of the current Agreement:

- 1) the execution and/or failure of execution of all types of Orders depends on the current liquidity of the Market which the corresponding instruments and/or Underlying Assets are traded on. Liquidity is determined by the current volume of offers to buy (and respectively sell) which create the possibility of a trade to be made; the liquidity of a Market varies greatly over time. Sometimes Trades are carried out with assets traded entirely on an unregulated market, and their current liquidity depends entirely on banks, brokers and/or market makers which are contracting parties of DF Markets; in such cases these contracting parties do not provide information, nor keep any record of the current volumes which they would make a Trade on;
- 2) information (including historical data) about the current liquidity cannot be saved and/or found and is not stored anywhere for future reference, because of which, you accept and agree that such information will not be subject to proof in the case of a dispute on the interpretation and/or application of the Agreement, and any such dispute will be settled between us by mutual agreement or will be settled in the competent court.

18 TYPES OF ORDERS

18.1 You may place the following types of Orders with us:

- 1) 'Market Order': if accepted by us, this Order will be executed at the Current Market Price. Partial execution or cancellation of the Order by us is possible if there is no sufficient liquidity on the relevant market at the time of execution;
- 2) 'Limit Order': if accepted by us, this Order is executed fully or partially when the price specified in the Order has been reached. The Order remains pending until its full execution, within the term of validity specified in the Order or until its cancellation by you;
- 3) 'Stop Order': if accepted by us, this Order automatically converts to a Market Order when the specified price is reached. It is executed fully or partially at the Current Market Prices;
- 4) 'One Cancels the Other' (OCO): if accepted by us, two Orders, a Limit Order and a Stop Order are submitted simultaneously and the execution of either one automatically cancels the execution of the other;
- 5) 'Conditional Order': this Order is attached to an already confirmed Limit, Stop or OCO Order, provided those are not attached to a position. This Order is confirmed only upon satisfaction of a certain precondition specified in the initial, upper-tier, Order or in another Conditional Order;
- 6) 'Limit or Stop Orders attached to a Position': such Orders are placed and attached simultaneously or separately to your Position;

- 7) 'Trailing Stop Order': this is a Stop Order placed and attached to a Position in Currency CFDs or Precious Metals CFDs, which allows the maintenance of a distance parameter from the Current Market Price of the traded currency pair or precious metal. The price specified in this Order moves only in the favourable direction for your Position at the specified distance and it is automatically adjusted unless the communication between the Electronic Trading Platform and our servers is interrupted or terminated for any reason, whatsoever. Upon the restoration of the communication, the move of the Trailing Stop price resumes. The Trailing Stop Order will be executed when the price last confirmed and saved on our servers has been reached.

18.2 When submitting Limit Orders, Stop Orders, One Cancels the Other Orders and Conditional Orders, you must specify their validity. The validity may be:

- 1) 'Day': the Order is valid only until the end of the Business Day (22:00 UK Time, except for Fridays, where the end of the Business Day is 21:00 UK Time) – when trading in FX CFDs and Cryptocurrency CFDs, or when trading other non-FX CFDs – until the close of the trading session on the relevant market on which the shares, ETFs, indices or futures underlying the CFDs, quoted by us, are traded;
- 2) 'Good-till-Cancelled' (GTC): the Order is valid until executed or cancelled by you.
- 3) 'Good-till-Date/Time' (GTD): the Order

is valid only until the end of the Business Day specified in the Order (22:00 UK Time, except for Fridays, where the end of the Business Day is 21:00 UK Time). Only 'Limit Orders' and/or 'Stop Orders' may have GTD validity and will be executed in accordance with **Clause 18**.

- 4) 'Good After Time' (GAT): the Order is valid for the period of the dates and hours specified therein. Only 'Market Orders', 'Limit Orders', 'Stop Orders' and/or 'One Cancels the Other' may have GAT validity and will be executed in accordance with **Clause 18**.

18.3 There may be cases where due to the opening or closing of the respective execution venues for the CFD underlying financial instruments, the lack of liquidity, Force Majeure Circumstances stipulated in **Clause 34** and/or to the arising of any other unanticipated conditions, the GAT Orders:

- 1) cannot be confirmed;
- 2) cannot be executed and/or
- 3) can be executed at a price different from the one specified by the Client.

There may be cases applicable to all types of Orders under **Clause 18.1** allowing choice of GAT option, where due to the opening or closing of the respective venues for execution, the lack of liquidity, Force Majeure Circumstances stipulated in **Clause 34**, insufficient funds in your account and/or due to the arising of any other unanticipated conditions, the Orders may not be submitted and/or confirmed and/or executed. If any of the circumstances mentioned above are met, the following cases may occur:

- a) a submitted BUY 'Limit Order' with a set limit price higher than the current market price may not be confirmed;
- b) a submitted SELL 'Limit Order' with a set limit price lower than the current market price may not be confirmed;
- c) a submitted BUY 'Stop Order' with a trigger price lower than the current market price may not be confirmed and/or
- d) a submitted SELL 'Stop Order' with a trigger price higher than the current market price may not be confirmed.

After being confirmed Limit, Stop and OCO Orders with a selected GAT option may have the 'Day' or 'Good-till-Cancelled' ('GTC ') validity, depending on the instructions given by you at the time of the Order's submission.

18.4 Limit or Stop Orders attached to a Position and Trailing Stop Orders are valid until their execution or cancellation by you. The trade quantity of Limit or Stop Orders attached to a Position and Trailing Stop Orders always correspond to the size of your Position in currencies or precious metals, held through CFDs, to which they have been attached. These Orders are automatically cancelled when the position is closed.

18.5 You confirm you understand and agree that Orders under this **Clause 18** which are placed by you or confirmed by us can be:

- 1) cancelled;
- 2) executed at a different price from the specified one therein;
- 3) the execution of the Order can be delayed;
- 4) partially executed;

- 5) partially executed at different prices;

18.6 You confirm you understand and agree that a Conditional Order under **Clause 18.1 (5)** can be executed only after it has been confirmed by us.

There may be cases where due to the opening or closing of the respective execution venues for the Underlying Assets, the lack of liquidity, Force Majeure Circumstances, insufficient funds in your Account and/or due to the arising of any other unanticipated conditions, the Conditional Order:

- 1) cannot be confirmed;
- 2) cannot be executed;
- 3) can be executed at a price different from the one specified by the Client;
- 4) a submitted BUY 'Limit Order' with a set limit price higher than the current market price may not be confirmed;
- 5) a submitted SELL 'Limit Order' with a set limit price lower than the current market price may not be confirmed;
- 6) a submitted BUY 'Stop Order' with a trigger price lower than the current market price may not be confirmed and/or
- 7) a submitted SELL 'Stop Order' with a trigger price higher than the current market price may not be confirmed.

If any of the circumstances under this **Clause 18.6** occur, the Conditional Order might not be confirmed by us. All Orders attached to any unconfirmed Conditional Order will not be confirmed and respectively will not be executed.

19.12 On each Portfolio Reconciliation Date you will perform a reconciliation of the information in the daily Statement against the information on your books and records. 24 CONFLICTS OF INTEREST AND DISCLOSURES

24.1 In accordance with FCA Rules, we have in place arrangements to manage conflicts of interest between you and us (or our Associates) and between different clients. Details of these arrangements are set out in our Conflicts of Interest Policy, a summary of which is available at https://www.dfmarkets.co.uk/pdf/Conflict_of_Interest_Policy.pdf. A hard copy of this policy is available on written request.

24.2 Where we do not consider that the arrangements under our Conflicts of Interest Policy are sufficient to manage a particular conflict, we will inform you of the nature of the conflict so that you can decide how to proceed. We may also decline to act where we believe that this is no practicable way of treating you and our other clients fairly. In addition you should be aware of the following disclosures made pursuant to general principles of English fiduciary law.

24.3 In relation to any Trades we execute or arrange with or for you, we or any Associate may have an interest, relationship, arrangement, or duty which is material or which gives or may give rise to a conflict of interest with your interests in relation to the investment or Trade concerned or investments or Underlying Assets derived from, or otherwise directly or indirectly related to, such investments (a 'material interest'). We will take reasonable steps to ensure fair treatment for you in relation to any such Trades.

24.4 In the event conflicts arise between the interests of DF Markets, its employees and you, we have a specific Conflict of Interest policy in place to ensure that we identify and handle all conflicts fairly and treat you with honesty and integrity at all times.

24.5 A potential conflict of interest may include but is not limited to:

- 1) dealing as principal for our own account by selling the investment concerned to you or buying it from you, or being a Market Maker or otherwise having a holding or dealing position in the investment concerned or an associated investment;
- 2) providing services similar to the Services provided to you to other clients;
- 3) any of our or an Associate's directors or employees being a director of, holding or dealing in investments of or otherwise being interested in any company whose investments are held or dealt in on your behalf;
- 4) being in receipt of instructions from another client to buy or sell the same derivatives contracts, underlying assets or other investments;
- 5) matching your Trades with that of another Client by acting on his behalf as well as yours where we are acting or seeking to act as agent for (and to receive and retain commission or other charges from) both parties;
- 6) receiving payments or other benefits for giving business to a firm with or through which your Order is placed or executed;

24.6 Neither we nor any Associate shall be liable to account to you for or (except in respect of fees or commissions charged to you) to disclose to you any profit, commission or remuneration made or received (whether from any client or by reason of any material interest or otherwise) by us by reason of any Services provided or Trades executed with or for you.

25 MANIFEST ERROR

25.1 A Manifest Error is any error that we believe is to be obvious and evident such as a manifest or obvious misquote by us, or any market, stock exchange, price providing bank, information source, Liquidity Provider on whom we rely, having regard to the current market conditions at the time an Order is placed and a Trade entered into by you.

25.2 In determining whether an error is a Manifest Error, we may take into account all information in our possession including but not limited to information concerning all relevant market conditions and any error in, or the lack of clarity of, any information source and whether such Manifest Error ought reasonably to have been known to you to be incorrect at the time of the Order or Trade.

25.3 We reserve the right, without prior notice to you, to void any Trade you have made which appears to contain or be based upon a Manifest Error and/or any Trade resulting or deriving from a Manifest Error from its inception or within a reasonable time thereafter or we may amend the details of

such Order and/or Trade to reflect what we consider, at our absolute discretion, to be the correct or fair terms of such Trade at the time of your Trade free of any such Manifest Error or we may refrain from taking any action to amend the details of such Trade or to void such Trade. If we decide to void or amend the details of your Trade, we will notify you accordingly of the action taken.

25.4 If a Manifest Error has occurred and we choose to exercise our rights under **Clause 25.3**, and if you have received any money from us in connection with the Manifest Error, you agree that those monies are due and payable to us as a debt owed to us and you agree to return such monies in full to us without delay.

25.5 As it is possible, quotes of some CFDs accessible by you through the Electronic Trading Platform over the telephone may contain errors. If such quotes contain a Manifest Error, we will be entitled to:

- 1) cancel the Trades entered into at such erroneous quotes; or
- 2) correct the quotes and leave the Trades active upon their execution at the corrected quotes. In this case, we will determine the correct quotes, at our own discretion, and upon your request we will provide historical data on the quotes, collected from independent information sources.

25.6 We shall not be liable to you for any loss of profit, other losses, damages, expenses or claims suffered by you (including any direct or consequential loss or damage) resulting from a Manifest Error or our decision to

refrain from taking any action at all on the Order or Trade despite the Manifest Error, except to the extent that such loss or damage was caused by our own fraud, wilful default or gross negligence.

25.7 You agree and undertake not to adopt and use trading strategies aimed at exploiting errors in prices and/or concluding Trades at off-market prices in your Trades with us on our Electronic Trading Platform. In the event that it comes to our attention that you have deliberately and/or systematically exploited or attempted to exploit such errors, you agree we are entitled to adjust the price spreads available to you and/or restrict your access to streaming, instantly tradable quotes, the provision of manual quotes, retrieve from your Account any trading profits which are documented as having been obtained through such abuse at any time under the Client Agreement and/or terminate the relationship between us and you immediately by the providing written notice to you.
